LIST OF SUPPORTING DOCUMENTATION AND IDENTIFICATION OF THE ACTUAL ITEMS TO BE RE	GISTERED:	
Attachment A, Attachment B, Support Documents, Catalog Information, ISO 9001:2008 Quality Items To Be Registered: Swagelok IPT Series Fittings	y system Certificate	
DECLARATION: I David H. Peace (see note 3) employed by Swagelok Company and be responsibility for the quality of the end product do solemnly declare that the information contains my knowledge represents the product for which registration is sought. The dimensions, material temperature ratings, and identification markings are in accordance with the herein named stand manufacture of these fittings is regulated by a Quality Control Program which extends to each p or in part and has been verified by The Byitish Standards Institution as being suitable for the declaration conscientiously believing by the strue, and knowing that it is of the same force and estimated to the same force and estimated the same fo	ed in this form is true and to the best of is of construction, pressure ards. I further declare that the lant where fabrication occurs in whole	
Declared before me at This		
This space for Regulatory Authority use This registration must be revalidated after ten (10) years from the date	of acceptance.	
CRN: <u>0A18288.5</u>		
Notes: 1. All fittings shall be registered in the name of the Manufacturer. 2. Each category shall be supported with two Statutory Declaration forms and one copy of supporting documentation. 3. The declaration shall be made by the person having full authority and responsibility for the quality of the end product. 4. Quality control programs shall be resubmitted for validation at a maximum interval of five (5) years.		

Attachment B: Scope of CRN Registration for Swagelok Cone and Thread IPT Fittings (Category A)

This document represents the scope of the Swagelok Cone and Thread IPT Fittings covered by this submission for CRN approval. The Swagelok Cone and Thread IPT Fittings were designed and evaluated in accordance with ASME B31.3 Chapter IX for unlisted components.

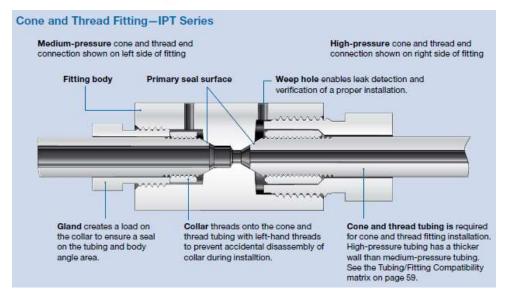

Summary Table

Product Description	Materials	End Connections	Sizes	Maximum Rated Pressure (psi)		Design Code
				At ambient temperature	At maximum temperature (1000F)*	of Construction
Cone and Thread Fittings – IPT Series	316 SS A276 or A479	or Medium-Pressure	1/4"	20000	16800	ASME B31.3 Chapter IX (unlisted components)
			3/8"	20000	16800	
			9/16"	20000	16800	
			3/4"	20000	16800	
			1"	20000	16800	

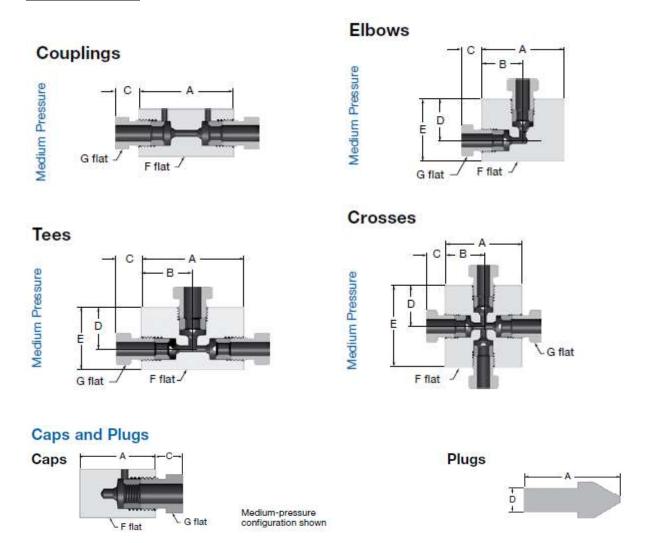

^{*}Max temperature pressure ratings were obtained by multiplying the medium pressure working rating listed in the product catalog by the listed elevated temperature factor for Strain-Hardened 316 SS (0.84)

Configurations

Typical Product Characteristics

Some product options could affect the pressure-temperature ratings shown in the Summary Table, but in all cases the ratings are less than or equal to those shown in the Summary Table. An example of this would be collars, glands, or tube nipples.

Additional options that do not affect pressure-temperature ratings may be made available within the scope of this registration.

Quality System

The Swagelok Company quality system complies with the requirements of BS EN ISO 9001:2008. The Swagelok Company maintains British Standards Institution Certificate of Registration Number FM 01729, which applies to all locations listed on the Certificate. IPT Fittings are manufactured at a Swagelok Company location in Erie, Pennsylvania.

References

The product catalog does not represent the full scope of registration, but rather details some of the most common options.
